

Ian von Memerty

Ian von Memerty has been labeled the “the complete all round entertainer”. He is gifted as a comedian, pianist, singer, dancer - but it is how he uses those talents that makes him unique. His experience and delight in connecting with an audience means that his ability to lead an evening is almost unparalleled.

Highlights from his show include “the Supersonic History of South Africa in 17 minutes” ; The Great Audition “everything from Opera to Gospel to Rap” ; and “The SA political GPS”.

“The success of any function is understanding the audience and making sure I give them permission to truly enjoy themselves. And the combination of laughter and music is very special. Because most audiences now are very mixed - with big differences culturally and age wise - I always aim to turn several groups into one happy and delighted crowd.”

Whether knocking out side-splitting jokes (without swearing and blasphemy) ; or thrilling audiences with his dynamic pianistic skill ; or sending his voice soaring through an evergreen song - Ian is indeed “Captain Entertainment”.

Areas of Expertise

- a. Cabaret
